Mr. Dennis Keenan  
BinVic Africa Project Management Solutions  
Tanzania

Dennis,

I wanted to take this opportunity to express Inglett & Stubbs International's satisfaction with BinVic and the team of professionals that we interfaced with at the New Luika Mine Site in Tanzania. I have had an opportunity to work with many companies over the past 13 years in 6 different countries, and I found your company to be one of the top 5 companies we have interacted with. Your ability to provide your services as requested was a great asset to our power plant construction project. I look forward to engaging with BinVic on future projects in Tanzania and across Africa as both of our companies continue to grow across the continent.

Respectfully,
